CUSTOMER GUIDE

The information below refers to Elle leaflets and yarns unless otherwise stated. This guide is for sales staff to use when assisting customers in selecting compatible patterns and yarns for knitting projects.

SIZES

Choose a size according to the bust/chest measurement by measuring around the fullest part of the bust/chest.

SELECTING YARN

The best results will be achieved with the yarn specified in the leaflet. The look and texture of the garment will then be exactly as photographed. However, should a yarn substitution be required, keep the following points in mind:

Does the yarn in question fall into the same count (thickness) and have the same knitting tension as stated in the pattern? For example, Family Knit Vintage Double Knit and Charity Pullskein both fall into the double knit count but the needles and knitting tensions differ which will impact on the sizing of the finished article.

Different yarns of the same thickness may have a different meterage. For instance Family Knit Vintage DK has 300 meters of yarn per 100 g ball; where as Pure Gold DK has 258 meters of yarn per 100 g ball. Thus, when a pattern calls for 8 balls using Family Knit Vintage DK and you want to substitute it with Pure Gold DK a quick calculation will tell you that you will need approximately 4 balls extra.

Where possible try to use a similar textured yarn as specified in the pattern.

When selling yarn, be sure that all the balls have the same dye-lot number to ensure consistency in colour.

TENSION

Tension differs from knitter to knitter, therefore it is essential to knit a tension swatch to ensure correct sizing.

SYMBOLS

The meaning of symbols used on labels are not always fully understood and any misinterpretation of the symbols will have an adverse effect on the handle and appearance of the finished garments. These symbols are explained below:

<p>Approx. 312 m Approx. 343 yds</p>	<p>Meterage per ball, skein or cone</p>		<p>Do Not Iron</p>		<p>Do Not Tumble Dry</p>
<p>3 mm US D/3 UK 10</p> 	<p>Crochet hook size</p>		<p>Cool Iron</p>		<p>Do Not Bleach</p>
<p>Needle size:</p> <p>First size indicates the smallest size needle best suited for the specific yarn count.</p> <p>2,75 - 3,25 mm US 2-3 UK 12-10</p> 	<p>Second size indicates the largest size needle best suited for the specific yarn count.</p>		<p>Warm Iron</p>		<p>Do Not Dry Clean</p>
			<p>Hot Iron</p>		<p>May Be Dry Cleaned</p>
			<p>Machine wash at temperature stated on wool cycle at minimum action</p>		<p>Hand wash at temperature stated at minimum action</p>

SIZES

The sizing for children does not always go by age or chest measurement, but rather by height of the child (height = from the bottom of their heel to the top of their head). To assist you with this sizing, the following is a table you can refer to:

Age	3 m	6 m	9 m	1 yr	2 yr	3 yr	4 yr	5 yr	6 yr	7 yr	8 yr	9 yr	10 yr	11 yr	12 yr	13 yr	14 yr
